DREI Platform

SORISA® BEAUTY SOLUTION body shaping for cellulite

- DREI Platform, the perfect fusion of Radiofrequency, Cavitation and Electroporation from the best multifunctional device on the market
- Customers satisfied from the first session
- Non-invasive and painless treatments
- Visible results after every treatment
- Provides both Facial and Body Shaping treatments

Why is DREI the solution your beauty center needs?

- Flexible purchase, you can choose from three different configurations: DREI Platform IMPACT (Cavitation and Electroporation), DREI Platform RF (Radiofrequency) or DREI Platform with three technologies
- Modular system: with only RF or IMPACT, you can extend the complete DREI Platform by acquiring the extra module (RF or IMPACT)
- Maximum profitability: its low-cost maintenance and multifunctionality make this device perfect for body and facial treatments all year round
- Exclusive removable heads that make the difference:
 - Adaptive heads with SMARTCAV technology (Cavitation) in zirconium (Radiofrequency) for maximum effectiveness, safety and durability
- Exclusive treatment procedures combined with specific cosmetics
- Compact and intuitive: Its touch screen and different pre-set treatment programs make this appliance very easy –to- use from the first day
