Case studies

Hair removal (60.000 shots)

Permanent hair removal for different hair colour and skin photo-types (I to V)

Before

After (2 sessions)

Antiaging (60.000 shots)

Without surgery, it eliminates:

- Age spots and pigmented lesions
- Wrinkles, expression lines and stimulates collagen

Before

After (1 session)

Oily skin (60.000 shots)

The optional cartridge for oily skin uses a specific filter that produces a pulse of light in a certain range of wavelengths to eliminate the *P. Acnes bacteria*

Before

After (12 sessions)
